

Table of Contents

Sl. No.	Chapter	Name of the Chapter	Page No.
1		List of Figures	i
2		List of Tables	i
3		List of Abbreviations	ii
4		Abstract	iii
5	Chapter I	Introduction	1-2
6	Chapter II	Materials & Method	3-7
		2.1 Study Location and Population	3
		2.2 Data Collection and Processing	4-6
		2.3 Farmer's and Stock People's Attitudes on Animal Welfare	7
		2.4 Statistical Analysis	7
7	Chapter III	Result	8-13
		3.1 Breeds of Dairy Farms	8
		3.2. Milk Production and BCS	8
		3.3. Housing Facilities	8-9
		3.4. Cleanliness of Animals and House	9-11
		3.5. Health Management and Status	11-12
		3.6. Farmer's Perspectives on Animal Welfare	13
8	Chapter IV	Discussion	14-15
9	Chapter V	Conclusion	16
10	Chapter VI	Limitations	17
11	Chapter VII	References	18-20
12		Appendix	21-23
13		Acknowledgement	24
14		Biography	25

List of Figures

Figure Number	Name of the Figure	Page Number
Figure 2.1	Geographical location of data collection site	3
Figure 2.2	Visiting Farm and Data Collection	4
Figure 3.1	Breeds of Dairy Farms	8
Figure 3.2	Different Housing Facilities	9
Figure 3.3	Cleanliness of Floor and Animal Body	10
Figure 3.4	Graphical representation of different health status percentage of total (n=350) cattle of dairy farms at Daulatpur Upazila of Kushtia District of Bangladesh	12
Figure 3.5	Different Health Conditions	12

List of Tables

Table Number	Name of the Table	Page Number
Table 1.1	Parameters measurement and methodology of data collection for the assessment of milk yield and health of the selected dairy cows based on management parameters used in the Welfare Quality® assessment protocol (Welfare Quality®, 2009)	5
Table 1.2	Parameters measurement and methodology of data collection for the assessment of health of the selected dairy cows based on animal parameters used in the Welfare Quality® assessment protocol (Welfare Quality®, 2009)	5-6
Table 3.1	Significant ($P < 0.05$) or close to significant ($P > 0.05 < 0.10$) health variables of cows related to floor cleanliness (1: clean to 4: very dirty), frequency of faeces removal and type of floor by ordinal logistic regression.	10-11
Table 3.2	Prevalence of lesions on various parts of the body of 350 cows examined in 40 dairy units evaluated for welfare of dairy cattle at Daulatpur Upazila, Kushtia, Bangladesh.	11

List of Abbreviations

Abbreviation	Elaboration
BCS	Body Condition Score
SEM	Standard Error of the Mean
SE	Standard Error
SSC	Secondary School Certificate
HSC	Higher Secondary School Certificate
GPA	Grade Point Average
