

**Reproductive Biology of the Lanceolate Goby  
(*Pseudapocryptes elongatus*) from the Southeast  
Coast of Bangladesh**

**Asma Kulsum**

Roll No. 0120/02

Registration No. 850

Session: 2020-2021

**A thesis submitted in the partial fulfillment of the requirements for the degree  
of Master of Science in Marine Bioresources Science**

**Department of Marine Bioresource Science  
Faculty of Fisheries  
Chattogram Veterinary and Animal Sciences University  
Chattogram-4225, Bangladesh**

**AUGUST 2022**

### **Authorization**

I hereby declare that I am the sole author of the thesis. I also authorize the Chattogram Veterinary and Animal Sciences University (CVASU) to lend this thesis to other institutions or individuals for the purpose of scholarly research. I further authorize the CVASU to reproduce the thesis by photocopying or by other means, in total or in part, at the request of other institutions or individuals for the purpose of scholarly research.

I, the undersigned, and author of this work, declare that the electronic copy of this thesis provided to the CVASU Library, is an accurate copy of the print thesis submitted, within the limits of the technology available.

## ACKNOWLEDGEMENTS

All praises are due to the **Almighty Allah** for blessing me with the strength, aptitude and patience and enabled me to pursue higher education and to complete the thesis for the degree of Masters of Science (MS) in Fish Biology and Biotechnology.

First of all I want to pay heartily gratitude to **Professor Dr. Goutam Buddha Das**, Vice-Chancellor, Chattogram Veterinary and Animal Sciences University (CVASU) for giving special opportunity and providing such research facilities.

I would like to pay my sincere regards and thanks to **Prof. Dr. M. Nurul Absar Khan**, Dean, Faculty of Fisheries, Chattogram Veterinary and Animal Sciences University, who introduced Master's program in the Faculty of Fisheries and provided update instrument and laboratory for conducting any kind of research.

I would like to express deepest sense of gratitude and sincere appreciation to **Dr. Md. Sadequr Rahman Khan**, Associate Professor and Head, Department of Marine Bioresource Science, Faculty of Fisheries, CVASU for his unfailing support, advice, and continuous motivation.

I would like to convey my sincere thanks and gratitude to my supervisor **Abrar Shakil**, Assistant Professor Department of Marine Bioresource Science, Faculty of Fisheries, CVASU for valuable supervision and guidance. It was really a great pleasure and amazing experience for me to work under his supervision. I really deemed it and realized it was an opportunity for me to work under his creative guidance. It's my pleasure to convey my profound gratitude to my co-supervisor **Dr. Md. Asaduzzaman**, Associated Professor, Department of Marine Bioresource Science, Faculty of Fisheries, CVASU for her valuable advice, scholastic guidance, suggestions and inspiration.

I feel proud in expressing my immense gratitude to my respected teachers **Nayeema Ferdausy Hoque**, Assistant professor, Department of Marine Bioresource Science, **Sumi Akter**, Assistant professor, Department of Marine Bioresource Science.

I sincerely express deepest sense of gratitude and indebtedness to Faculty of

fisheries and University administration for following me working in faculty laboratory and financial support to complete my research.

My sincere thanks also go to **Ariful Islam Milon, Zannatul Nayma Sharin, Fahmida Soha and Shifat Ara Noor** for their co-operation during sample collection and examination in the laboratory which made my work easier. I am also acknowledging the Lab assistant, Technicians and supporting staffs of Oceanography lab, Faculty of Fisheries, Chattogram Veterinary and Animal Sciences University (CVASU) for their help during sample examination in the laboratory.

Last but not least, I express my deepest sense of gratitude to my beloved parents for their immense sacrifice, blessings and encouragement.

Table of content	vi-vii
List of tables	viii
List of figures	ix
List OF plates	x
List OF appendices	xi
List of abbreviations	xii
Abstract	01
<b>Chapter-1: Introduction</b>	<b>02-05</b>
1.1 Objectives of the research	05
<b>Chapter-2: Review of Literature</b>	<b>06-10</b>
2.1 Length-weight relationship	06-07
2.2 Length at first maturity	08
2.3 Reproductive biology and spawning season	8-10
<b>Chapter-3: Materials and Methods</b>	<b>11-18</b>
3.1 Site of sampling and collecting of samples	11
3.2 Recording of length-weight data	12
3.3 Determination of condition factor	13
3.4 Relative condition factor determination	13
3.5 First Sexual Maturity Size (Lm)	13-14
3.6 Gonadosomatic Index (GSI)	14
3.7 Histological analysis of gonad	14
3.7.1 Fixation	14
3.7.2 Dehydration	14
3.7.3 Cleaning	15
3.7.4 Infiltration	15
3.7.5 Embedding	16
3.7.6 Trimming	16
3.7.7 Sectioning	16
3.7.8 Floating of section in water bath	16
3.7.9 Staining and Mounting	16
3.7.10 Microscopic observation	18
3.8 Statistical analysis of data	18

---

<b>Chapter-4: Results</b>	19-28
4.1 Length-weight relationship	19
4.2 Condition factor and relative condition factor	20
4.3 Frequency distribution	21
4.4 Size at first Sexual Maturity (Lm)	22-23
4.5 Gonado-somatic index (GSI)	23-24
4.6 Gonadal stages composition	24-25
4.7 Gonadal maturation stages in female	25
4.7.1 Immature stage	25
4.7.2 Developing stage	26
4.7.3 Ripening stage	26
4.7.4 Ripe stage	27
4.7.5 Spawning stage	27
4.7.6 Spent stage	27-28
<b>Chapter-5: Discussion</b>	29-32
5.1 Length-weight relationship	29-30
5.2 Condition factor and relative condition factor	30
5.3 Length frequency distribution	31
5.4 Size at first sexual maturity (Lm)	31
5.5 Gonadal histology and spawning periodicity	31-32
<b>Chapter-6: Conclusion</b>	33
<b>Chapter-7: Recommendations and Future Perspectives</b>	34
<b>References</b>	35-42
<b>Appendices</b>	43
<b>Biography</b>	44

### List of Tables

---

<b>Serial No</b>	<b>Description of the Tables</b>	<b>Page No</b>
01	Dehydration schedule	15
02	The cleaning schedule	15
03	The infiltration schedule	15
04	Staining schedule	17

---

---

### List of Figures

---

Serial No	Description of the Figures	Page No
01	Logarithmic relationship between the total length and weight of female <i>P. elongatus</i>	19
02	Condition factor (K) of female <i>P. elongatus</i>	20
03	Relative condition factor (Kn) female of <i>P. elongatus</i>	21
04	Distribution of female <i>P. elongatus</i> lengths over the entire sampling window	21
05	Relationship between gonado-somatic index (GSI %) with total length of female <i>P. elongatus</i>	22
06	Relationship between modified gonado-somatic index (MGSI%) with total length of female <i>P. elongatus</i>	23
07	Relationship between Dobriyal index (DI) with total length of female <i>P. elongatus</i>	23
08	Monthly variations of gonado-somatic index (GSI) in female <i>P. elongatus</i>	24
09	Month- wise changes in gonad stage composition in female <i>P. elongatus</i>	25

---

---

### List of Plates

---

Serial No	Description of the Figures	Page No
01	Map of the sampling site area	11
02	Recording of length-weight data of <i>P. elongatus</i>	12
03	Dissection procedure and gonad collection	14
04	Histological stages	18
05	Ovarian cross-section of <i>P.elongatus</i> . immature stage	25
06	Ovarian cross-section of <i>P.elongatus</i> developing stage	26
07	Ovarian cross-section of <i>P.elongatus</i> . ripening stage	26
08	Ovarian cross-section of <i>P.elongatus</i> . ripe stage	27
09	Ovarian cross-section of <i>P.elongatus</i> . spent stage	28

---

---

## List of Appendices

---

Serial No	Description of the Appendices	Page No
01	Month wise gonado- somatic index (GSI) of female <i>P. elongatus</i>	43
02	Condition factor and relative condition factor data of female <i>P. elongatus</i> of seven months	43

---

---

## List of Abbreviations

---

Words	Abbreviation
DoF	Department of Fisheries
FAO	Food and Agriculture Organization
g	Gram
cm	Centimeter
µm	Micrometer
MT	Metric Ton
%	Percent
sq	Square
km	Kilometer
M	Meter
°C	Degree Celsius
GSI	Gonado-somatic index
S. D.	Standard deviation
U.A.E	United Arab Emirates
